

CONNECTING PEOPLE WITH *possibilities*

We aim to make accessing support surprisingly simple. It's about challenging stigmas and breaking down barriers. Connecting the dots and connecting people. Empowering people to hope, overcome and achieve. Where possibilities become opportunities and lives are rich with fulfilment. We combat disadvantage with a healthy dose of support and make sure it's all on your terms. Zero judgement and lots of listening. It's your life and we want to help make sure you're living it to the fullest. Ultimately, we exist to connect you with every possibility that awaits.

NDIS PATHWAYS

Whether in one of our purpose-built facilities, out in the community, building skills for employment, in a Mai-Wel owned home or in the comfort of yours, our supports empower people with disability to live a full and independent life.

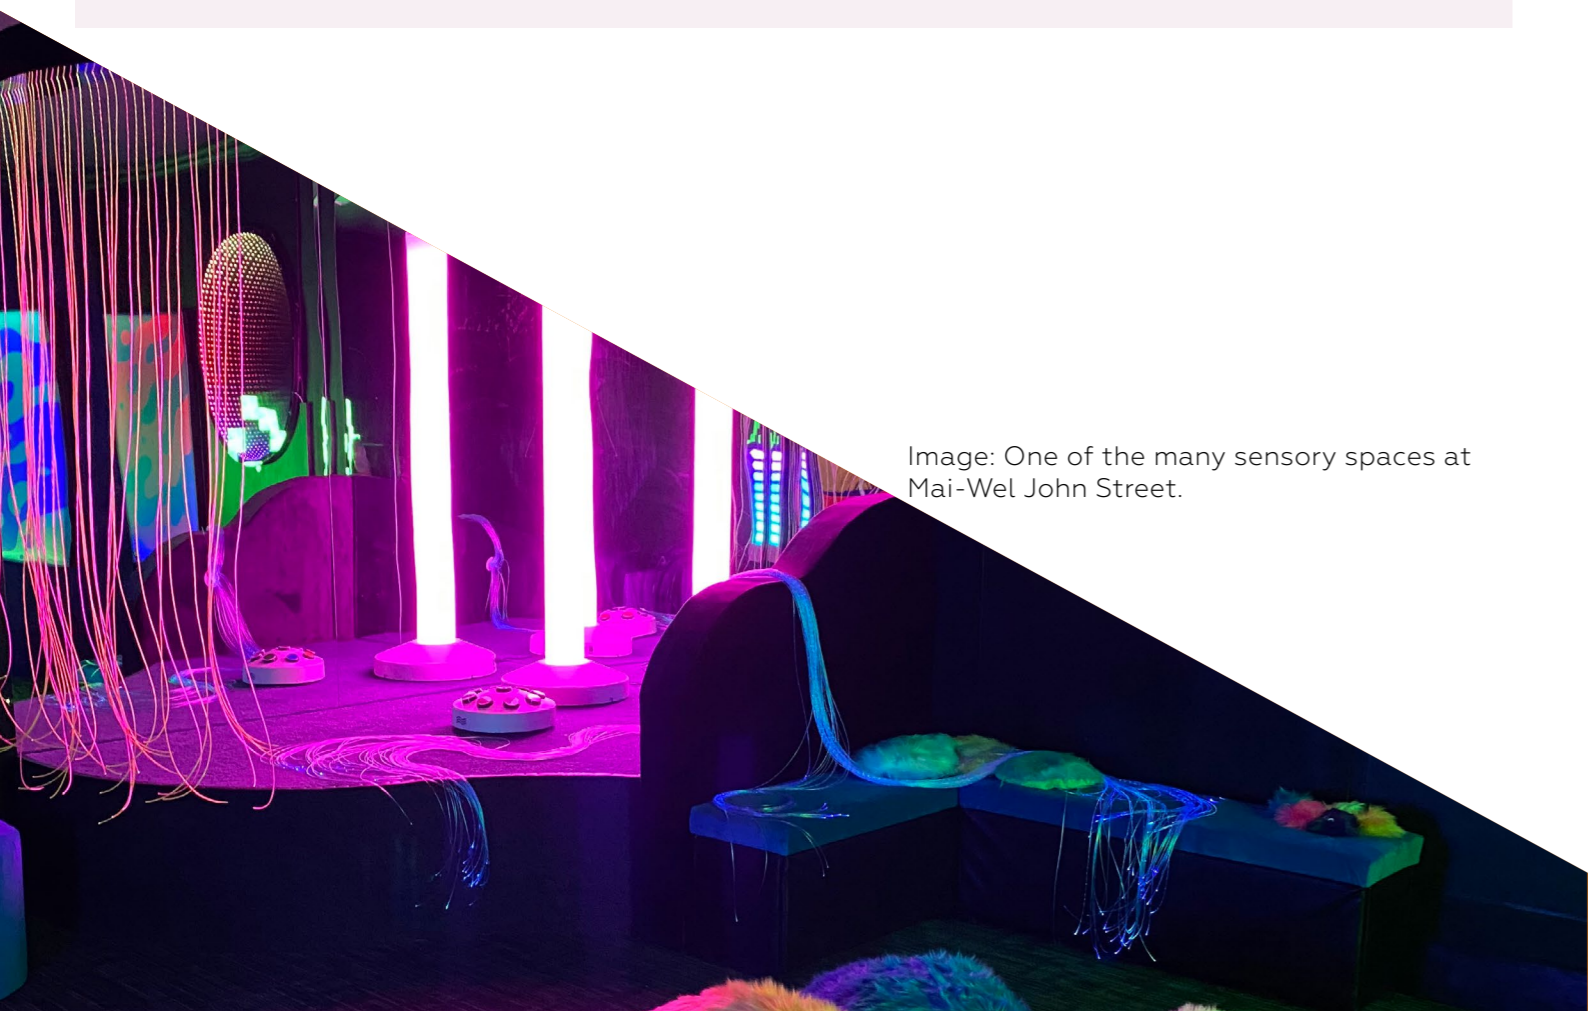

HOME AND LIVING PATHWAYS

Mai-Wel offers a range of Home and Living Pathways tailored to the unique needs, goals and aspirations of our participants. Whether living independently, with family or friends, or in a Mai-Wel owned residence, our goal is to promote participants to live with independence, with choice and control.

SOCIAL, COMMUNITY AND CREATIVE PATHWAYS

Mai-Wel provides a number of group and individualised supports offered centre-based and in the community. Chat to us about your goals and we'll advise you which program might suit you and your age best. They're fun, social and engaging, from music lessons in our creative studios, playing sports, gaining confidence in the kitchen and much more. Based across Cessnock and Maitland, you have so much opportunity to achieve your NDIS goals. We can cater for people who require additional support needs at our John St centre in Maitland, with exceptional personal care rooms and incredible sensory spaces (pictured below). With wonderful support workers and specialised mentors, there is a lot on offer.

EMPLOYMENT PATHWAYS

NDIS EMPLOYMENT PATHWAYS

We offer a number of NDIS employment pathways.

Our school to work program is for Year 10/11/12 students with the aim to build capacity to successfully transition into the post-school vocational option of their choosing.

We offer supports after school to continue to build capacity and develop employment skills and confidence to find and sustain employment.

MAI-WEL LABOURFORCE SOLUTIONS

Delivered by
Mai-Wel TtW

WORKFORCE AUSTRALIA – TRANSITION TO WORK

Workforce Australia – Transition to Work is for young people (aged 15 – 24) who are no longer at school and looking for their next step to get work or further education to reach their goals.

We can help you to find training to get your ideal job and support your job search when you're ready.

DISABILITY EMPLOYMENT SERVICES

Disability Employment Services is an Australian Government initiative to help people with an injury, illness or disability find and keep a job. Through this program, we work with job seekers and local employers to achieve life-changing outcomes and tailor-made recruitment solutions.

SIMULATED WORK SPACES FOR JOB SEEKER SKILL DEVELOPMENT

We have simulated work spaces where you can get the experience of a job but in a supportive environment. Participants can gain hands on workplace learning experience, so if you have goals to work in the hospitality industry, or are interested in learning a business from product ordering through to making candles and packaging. There is so much on offer.

Image: Job seekers have the opportunity to learn barrista skills in our Thrive Cafe simulated work space.

FURTHER SERVICES

SUPPORT COORDINATION

Support Coordinators are champions of participant decision making and control by providing access to information and resources that will empower the participant to make informed decisions, build confidence and develop skills.

MAI-WEL ENTERPRISES (MWE)

MWE offers NDIS employment pathways while also servicing business customers with and social purpose and procurement options. Profits are put into Mai-Wel services to assist the people we support. People working for MWE learn skills on the job and have opportunities for formal training to support them to achieve their career goals.
